Closing date for applications is 31st July 2019.

#MxT2019 offers artists the chance to play the Official Launch Party at Windmill Lane Recording Studios, the MxT2019 stage, or stellar Side Events in the most unique and iconic spaces across Dublin to get access to industry professionals, the world's top media and new fans.

All showcasing artists receive Artist Passes to #MxT2019. With talks and keynotes from over 100 world class speakers, this is an exciting opportunity to stay on top of new revenue opportunities, how to leverage technology and advanced career development. Artists will be able to get face time with industry leaders, technologists, entrepreneurs, and creative professionals, access to the latest groundbreaking product and technology showcases as well as networking opportunities at intimate roundtable sessions, workshops, exhibits and stellar side events across the city.

The most promising artist will be able to join the ranks of the outstanding client portfolio of our selecting partner, the iconic Windmill Lane Recording Studios, which includes a who's-who of global superstars such as U2, the Rolling Stones, David Bowie, Hozier, Metallica, Lady Gaga, Nile Rodgers, Depeche Mode, Snow Patrol, Kylie Minogue, AC/DC and many more.

Last year's Music x Tech Experience featured performances from Kormac, Le Galaxie, Le Boom, Loah, David Keenan, Toucan, Orchid Collective, Conor Mason and more, while mind blowing VR experiences from the stunning Bio-Goth Masterpiece of Bjork Digital's Not Get and Gorillaz' Saturnz Barz brought the audience into a virtual dimension.

The Two-Day festival style conference brings together 2500+ global leaders and innovators of the music, multimedia and tech industries as well as connected ecosystems to Dublin, to discuss the future of the entertainment industry and encourage interdisciplinary collaborations.

Covering key topics such as Artificial Intelligence, 5G, Extended Reality, Voice Control, Blockchain, Live Experiences, Vinyl Resurgence, Smart Production, Spatial Audio, Legislation in the Digital Age and more, our interdisciplinary approach invites associated ecosystems such as transport, health, retail, marketing, sport, gaming, film, design and more to highlight their innovations and forge exciting collaborations to set new standards for the future.
